RNC Elects Not to Extend SKO Purchase Option

Westgold Resources Limited (**ASX:WGX**) (**Westgold**) refers to its announcements regarding the purchase option granted to RNC Minerals (**RNC**) over Westgold's South Kalgoorlie Operations (**SKO**).

The initial purchase option period of six months expired on 13 August 2017. Westgold advises that RNC has not elected to extend its purchase option for a further six months.

The toll treatment agreement with RNC for 50% of SKO's processing capacity until 30 June 2018 remains in place.

Managing Director, Peter Cook said:

“Westgold has several growth options available in the Kalgoorlie region and is currently investigating a number of joint venture and toll processing options which could provide a strong future outlook for our wholly owned plant”.
